

# NEW ZEALAND COASTAL ODYSSEY

THE ULTIMATE EXPEDITION CRUISE  
OF THE NEW ZEALAND COAST

EXPEDITION DOSSIER  
14 – 24 NOVEMBER 2022

WILD FIBERS

**D**iscover the hidden gems of Aotearoa/New Zealand and its three main islands (the North Island, South Island, and Stewart Island) on this unforgettable 11-day expedition. From the bright lights of New Zealand's largest city to the geothermal wonderland of Rotorua, Dunedin's avant garde fashion labels and the adventure playground of Queenstown this is the ultimate Kiwi adventure to experience it all. The New Zealand Odyssey Voyage also offers a unique insight into New Zealand's farming history, with the opportunity to discover a variety of farms and fibre processors including several high country sheep farms, a coastal alpaca farm, a remote farm in the Marlborough Sounds, and a wool store in Dunedin. We will also learn about other New Zealand natural fibres such as traditional Maori flax weaving.

With the 9th longest coastline in the world measuring some 15,000 kilometres you will wind through narrow fiords, circumnavigate small islands, explore secluded bays, and visit quaint seaside towns. New Zealand has a fascinating natural and cultural history from its first Polynesian arrivals through European settlement, early sealing and whaling and world leading conservation efforts. Places of interest include the sunken valleys and towering mountains of Fiordland (Milford Sound, Doubtful Sound and Dusky Sound); the crystalline waters, golden beaches and coves of the Bay of Islands; the diverse marine life of Hauraki Gulf; the volcanoes, hot springs and geysers of Rotorua; the scenic playground of Marlborough Sounds; the iconic wildlife havens of Stewart Island; and many Kiwi towns along the way.

Those looking for a thrilling expedition filled with wildlife encounters will enjoy observations of dolphins and whale watching, exceptional birdwatching including a number of rare endemic species and an albatross colony on the Otago Peninsula. Those with a taste for gourmet delights will enjoy experiencing some of New Zealand's award winning cuisine, and those with an interest in agriculture will discover what makes New Zealand so suited to sheep farming, and be wowed by some of the countries most scenic farmland.

Our vessel *Heritage Adventurer* is built for exploring regions like New Zealand's intricate coastline. We invite you to join us on this in-depth exploration of New Zealand.

## ITINERARY

### Day 1: Auckland

Guests should make their way to the designated hotel where we will spend the first night of the expedition. This evening there will be an informal get-together at the hotel for dinner; an excellent opportunity to meet fellow adventurers on your voyage and some of our expedition team.

### Day 2: Rotorua & Tauranga

This morning, following breakfast at the hotel, we depart Auckland and travel south passing the rich horticultural region of the

Bombay Hills before crossing through the verdant farmland of the Waikato as we travel to the Geothermal Heartland of Rotorua. This afternoon marvel at the abundance of steam vents, geysers and bubbling mud pools as we explore one of the most geologically active regions on the planet, or learn about Maori culture through traditional flax weaving. Later this afternoon arrive in Tauranga where the *Heritage Adventurer* awaits.

### Day 3: Gisborne

Despite being named "Poverty Bay" by Captain Cook, the region

is endowed with an exceptional climate and rich soils meaning it is one of New Zealand's most renowned fruit and vegetable growing regions. A visit to Eastwoodhill Arboretum in the hills behind the town is not to be missed; the result of one man's passion and dedication this is now the National Arboretum. As we are in Ngati Porou country you will be traditionally welcomed by the iwi.

### Day 4: Napier

The Art Deco capital of New Zealand, and possibly the world, the post-quake city of Napier lies at the heart of the thriving Hawkes Bay. Immerse yourself in the Art Deco world of central Napier with its quaint shops and unrivalled architecture. This afternoon choose one of many excursions including a visit to the world-renowned wineries of the Hawkes Bay, or join your naturalists to visit the exceptional Cape Kidnappers Gannet Colony, or drive inland to visit a high country perendale sheep farm in central Hawke's Bay where you can learn about New Zealand's sheep wool industry.

# NEW ZEALAND COASTAL ODYSSEY

---

## Day 5: Marlborough Sounds

This morning *Heritage Adventurer* sails into the sheltered waters of the Marlborough Sounds, a beautiful labyrinth of waterways intersecting the northern shores of the South Island. Take the opportunity to explore a coastal trail through the lush regenerating forest and watch for native birds including Saddleback, Parakeets and Robins on one of the island nature reserves, or visit one of New Zealand's most remote sheep farms at the further reaches of the Marlborough Sounds and only accessible by boat.

## Day 6: Akaroa

*Heritage Adventurer* will make her way through the Akaroa heads and anchor in the sheltered waters of Canterbury's largest harbour. It was here, beneath the eroded volcanic hills of Banks Peninsula, that the French attempted to settle in 1840. The French connection remains to this day with a certain *je ne sais quoi* imbuing the township of Akaroa. Visit the Barry's Bay Cheese Factory as we make our way to a perendale and romney sheep farm on Banks Peninsula. These farms will reward you with exceptional views of the Akaroa Harbour.

## Day 7: Dunedin

This morning sail into the beautiful Otago Harbour, watch closely for Northern Royal Albatross at the Taiaroa Head Albatross Colony. From our berth at Port Chalmers explore the famed fashion-forward city of Dunedin, the Edinburgh of the south. In the 19th Century Dunedin was an attractive settlement for early settlers due to the export of primary industry products from Central Otago high country stations. We will visit one of the iconic wool stores that was key to the export of wool. Alternatively explore the scenic Otago Peninsula where sea lions rest and Yellow-eyed Penguins can be spotted in one of their last strongholds where the beautiful farmed hills roll down

towards white sand beaches.

Another option you may choose is venturing towards the interior of Otago through the scenic Taieri Gorge.

## Day 8: Stewart Island

New Zealand's third island is well off the usual beaten tourist track. It is a wonderfully tranquil place; the scenery of untouched bushland is stunning. We will enjoy a morning exploring Ulva Island which is rich in history and wildlife, being a predator-free island from 1997 the bird song and wildlife is some of the best. In Paterson Inlet you will have time to explore the sandy beaches of Boulder Bay and West End Beach or just enjoy some time

# NEW ZEALAND COASTAL ODYSSEY

around Post Office Bay and Sydney Cove. Some of the wildlife you may get to see while walking the tracks on Ulva Island include Stewart Island Robin, Stewart Island Weka, South Island Kaka, Kereru (Wood Pigeon), Mohua (Yellowhead), Red-crowned Parakeet, Fantail, Bellbird and Tui. There are many more species that may also be seen, our knowledgeable expedition guides will be listening for bird calls and keeping a close watch in overhead canopies and the surrounding shrubs to identify further species. During our time in Paterson Inlet there will also be the opportunity to explore the quirky town centre Oban in Halfmoon Bay where a drink with a view can be enjoyed at the iconic South Sea Hotel and there are some beautiful walks in the surrounding forests.

## Days 9 - 10: Fiordland

We have two days to explore the incredible wilderness of Fiordland in the south-west corner of the South Island. This is an area rich in history, majestic scenery and abundant in wildlife. Fiordland was well known to local Maori, with the demi-god Tuteraki-whanoa being said to have used his adze, Te Hamo, to carve out the region's fiords. Captain Cook and his crew landed here on

*HMS Resolution* in 1773, they were the first Europeans to visit Fiordland, subsequently spending five weeks in Dusky Sound. Cook's records of his discovery and maps attracted sealers and whalers, not long after the first European settlements of New Zealand were formed. Historically this region is very important and shaped the future of the country. Fiordland's coast is only accessible by sea, making it the most remote region of New Zealand's mainland. Waterfalls, streams, rivers, and fiords are enveloped with misty veils that come and go, revealing steep gradients of mountain peaks and sheltered valleys. A rugged terrain, the thickly forested floors are covered with ferns, lichens, and mosses. Bottlenose Dolphins, Fiordland Crested Penguins and Little Penguins are all residents of the fiords; during our time here we will look for them.

Our schedule gives us the flexibility to visit as much as possible, areas we plan to explore during our time in Fiordland include Doubtful Sound, Dusky Sound and Acheron Passage, Astronomer's Point and Pickersgill Harbour. Our final plan will be determined by the weather. The Captain and Expedition Leader will work hard to make the best use of our time in this incredible region of New Zealand, including areas that even few New Zealanders have

visited. The isolation of Fiordland has been beneficial because its beauty remains unspoiled and its historic sites undisturbed.

## Day 11: Bluff / Queenstown

Arrive this morning to the port of Bluff and following breakfast travel overland through the rolling green landscape of Southland before arriving to Queenstown surrounded by stunning mountain scenery. The voyage concludes with a drop off at Queenstown Airport or our central city hotel. In case of unexpected delays we ask you not to book any onward travel until after midday today.

**During our voyage, circumstances may make it necessary or desirable to deviate from the proposed itinerary. This can include poor weather and opportunities for making unplanned excursions. Your Expedition Leader will keep you fully informed.**

## HERITAGE ADVENTURER

*Heritage Adventurer* is a true pioneering expedition vessel of exceptional pedigree often referred to as the 'Grande Dame of Polar Exploration'.

Purpose built for adventure in 1991 at Finland's Rauma shipyard and specifically designed for Polar exploration, *Heritage Adventurer* (formerly known as *MS Hanseatic*) is 124-metres long, boasts the highest passenger-ship ice-class rating (1A Super) and an impressive history of Polar and remote region exploration making her perfect for Heritage Expeditions signature experiential expedition travel.

Originally designed to accommodate 184 guests, we now welcome just 140 expeditioners to create a spacious, comfortable on board experience and continuation of the exceptional, personalised expedition experience synonymous with the company. While a fleet of 14 Zodiacs ensures

all guests are able to maximise their expedition experience. On board, enjoy stylish, sophisticated accommodations spanning 4 decks, visit the captain and crew in the Bridge with our Open Bridge Policy and dine on gourmet fare from leading Australasian chefs.

Watch your adventure unfold from numerous spectacular indoor and outdoor viewing locations including *Heritage Adventurer's* famed Observation Lounge resplendent with 270-degree views and join our world-renowned team of naturalists, botanists, historians and experts as they interpret the natural and human history discovered during each voyage, as well as hosting regular lectures.

And should you require a little R&R, unwind in the library, pool, gym, hot tub, sauna and steam room, indulge in some retail therapy or find a quiet place to enjoy a coffee or cocktail from the café and bar.

## DATES

Voyage #HA221114  
14 – 24 November 2022

## PRICES

**Heritage Suite \$12,975 pp\***  
Located on Deck 6, Heritage Suites are an expansive 44m<sup>2</sup> and feature large double panoramic windows, king bed, large living area with a sofa, coffee table and chairs and grand marble bathroom with a double basin, bathtub and shower, large writing desk, floor to ceiling cabinetry for storage and a flat screen entertainment system.
